3. Venue is proper pursuant to 28 U.S.C. §1391(b).

PARTIES

4. At all materials times, ENERGY STATE is a corporation organized and existing under the laws of Hong Kong.

5. At all materials times, Defendant M/V CRIMSON MONARCH (IMO No. 9675597), its engines, tackle, and apparel, defendant *in rem* (the “Vessel”) is a Singapore flag vessel.

FACTS

6. This is an action in admiralty, *in rem*, to enforce a maritime lien on Defendant Vessel M/V CRIMSON MONARCH, including without limitation all of its engines, machinery, tools, boats, anchors, chains, tackle, fittings, navigation equipment, and all other equipment and appurtenances appertaining or belonging to the Vessel, whether on board or not.

7. This lien arises from the delivery of necessities to the Vessel pursuant to 46 U.S.C. § 31342.

8. On or about August 25, 2016, ENERGY STATE agreed to supply 330MT of marine fuel (“bunkers”) for provision to the vessel M/V CRIMSON MONARCH, chartered by Seorae Sea Merchant Corporation (“Seorae”). That day, ENERGY STATE sent an email to Seorae with a confirmation of the bunker order to be signed by Seorae. Attached as Exhibit 1 is a true and correct copy of the email with confirmation. The Confirmation expressly provides for recovery of any attorney fees incurred in collecting payment of the bunkers and related charges incurred by ENERGY STATE, establishes the applicable interest rate for any late payment, and makes clear that “all sales are on credit of the vessel” and that

1 the “Buyer is presumed to have authority to bind vessel with a maritime lien.” The
2 Confirmation also incorporates ENERGY STATE’s Sales Terms and Conditions. Attached
3 as Exhibit 2 is a true and correct copy of the Sales Terms and Conditions. The Sales Terms
4 and Conditions expressly authorize the arrest of the Vessel, provide for application of U.S.
5 law, and authorize ENERGY STATE to enforce, safeguard, or secure its rights in any court
6 or tribunal in any state or country.

7 9. Seorae executed the Confirmation. Attached as Exhibit 3 is a true and correct
8 copy of the executed Confirmation.

9 10. On or about August 28, 2016, ENERGY STATE delivered the fuel bunkers to
10 the Vessel at the Port of Yeosu in South Korea. Attached as Exhibit 4 is a true and correct
11 copy of the Bunker Delivery Receipt.

12 11. The fuel invoice totaling \$86,130.00 USD was issued on September 6, 2016,
13 and remains unpaid. Attached as Exhibit 5 is a true and correct copy of the invoice for fuel
14 delivery to the Vessel. As of May 15, 2017, payment remains outstanding in the amount of
15 \$95,941.74, which includes principal and interest. Attached as Exhibit 6 is a true and correct
16 copy of the ENERGY STATE’s Statement of Account for the Vessel M/V CRIMSON
17 MONARCH.

18 **FIRST CAUSE OF ACTION – BREACH OF MARITIME CONTRACT**

19 12. ENERGY STATE realleges and incorporates the foregoing paragraphs.

20 13. Defendant breached its contract with ENERGY STATE by failing to pay for
21 the goods and services provided by ENERGY STATE.
22
23

14. ENERGY STATE has been damaged by Defendant's breaches of contract, which entitle ENERGY STATE to remedies at law and in admiralty as provided in its invoices, Confirmation, and Sales Terms and Conditions.

SECOND CAUSE OF ACTION – UNJUST ENRICHMENT

15. ENERGY STATE realleges and incorporates the foregoing paragraphs.

16. ENERGY STATE provided and/or paid for goods and services that were accepted by and benefited defendant Vessel. The Vessel received the bunker fuel from and/or through ENERGY STATE, and the bunker fuel was necessary to the Vessel's operations. The Vessel benefited from and was enriched by the provision of the bunker fuel, including but not limited to, the fact that the bunker fuel enabled the Vessel to continue to operate, to receive cargo, and to earn freights.

17. Despite this benefit provided to the Vessel, ENERGY STATE was not paid. The Vessel therefore was unjustly enriched. ENERGY STATE, therefore, holds a maritime lien against the Vessel in the amounts set out above, and respectfully requests that this Court enter judgment in its favor against the Vessel *in rem* for this amount, as set out below.

PRAYER FOR RELIEF

Wherefore, ENERGY STATE prays for relief against the *in rem* Defendant as follows:

1. That this Court enter judgment *in rem* against the Vessel M/V CRIMSON MONARCH, including without limitations all of its engines, machinery, tools, boats, anchors, chains, tackle, fittings, navigation equipment, and all other equipment and appurtenances appertaining or belonging to the Vessel, whether on board or not, and order that ENERGY STATE's claims of at least \$95,941.74, plus pre-judgment interest, post-

1 judgment interest, contractual fees, and attorney fees and costs thereon as allowed by
2 contract and by law;

3 2. The Clerk of this Court issue a warrant for arrest of the vessel M/V
4 CRIMSON MONARCH, commanding the United States Marshal for this district to arrest
5 and take into custody the Defendant Vessel and detain the same in his custody until further
6 order of this Court;

7 3. The Court find that ENERGY STATE holds a valid maritime lien against the
8 vessel M/V CRIMSON MONARCH and its engines, appurtenances, furnishings, machinery,
9 and equipment as provided by 46 U.S.C. § 31342, and by federal law construing the statute;

10 4. The Court hold that at the sale of the vessel M/V CRIMSON MONARCH
11 ENERGY STATE may credit bid without cash deposit the amount due and owing up to the
12 full amount thereof;

13 5. The Court award ENERGY STATE its attorney fees, costs, and other
14 expenses incurred in connection with this proceeding, including without limitations, all costs
15 incurred *in custodial legis* as may be established at trial or otherwise awarded; and

16 6. The Court grant such other legal and equitable relief as this Court deems just
17 and proper.
